# Why Choose Reheatek

Suzhou Reheatek Electrical Technology Co., Ltd. was **established in 2018** by a merger of Kunshan Kunzhong Electric Heating Technology Co., Ltd. which founded in 2007, and Kunshan Tenaijia Hardware & Electric Appliance Co., Ltd. founded in 2010. Reheatek has **more than 10 years' developing and manufacturing experience of heating products**. The company has long been committed to the **R&D, production, testing and innovation** of electrical heating components. The products have won wide acclaim from customers in the industry.

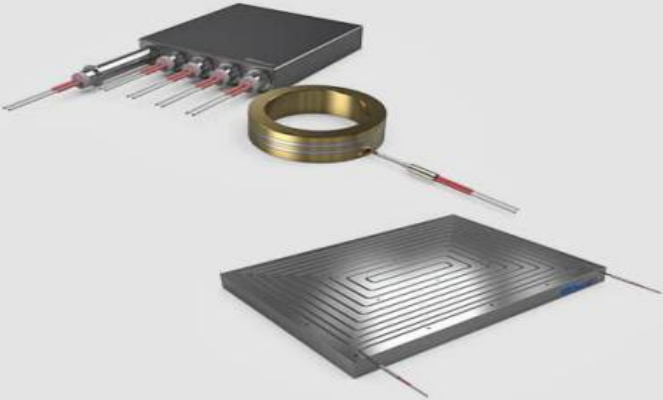

# Reheatek Laboratory

Every new product developed or manufactured by Reheatek will be tested in all aspects in our professional laboratory, especially the functional completion and thermal stability under operating conditions. New products' technical data are generated after testing, our engineers then analyze the data and optimize the product to ensure customers get the products that best meet their expectations. Test data could be provided to customers when needed.

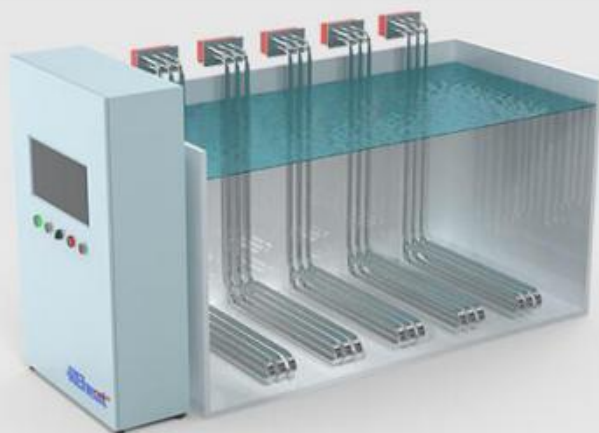

*Aluminum heating platform and temperature control system*

*Uniform heating solution*

*Hot runner mold heating solution*

*Immersion heating and temperature control solution*

*Storage tank heating solution*
